Message From The Chair
Helen Burstyn

I was both fortunate and honoured to serve as Chair of the Ontario Trillium Foundation during our 25th anniversary year. And what a remarkable anniversary year it was! Just as remarkable as the 25-year history of championing healthy, vibrant communities that was being celebrated.

Over the years, OTF has become even more relevant today than when it was first created by the Ontario Government in 1982. We owe our success to the communities we serve, the grantees in whom we invest, the volunteers who give so much of themselves, the staff who assist and enable us, and the provincial government, our sole shareholder, that renews and recently increased its funding to the Foundation in recognition of the importance of our work.

In Spring 2007, the Ontario Government reaffirmed its commitment to OTF by boosting the Foundation's budget to $105 million from $100 million as the first phase of a 20 per cent annual increase. The funding increase provided the Foundation with an opportunity to have an even greater impact in communities across the province, while allowing us to focus our efforts more strategically.

Thanks in part to our budget increase, OTF raised its capital funding limits to help respond to the significant demand for capital grants.

Two million dollars were designated for a new fund created to enhance the future of Ontario communities. The new OTF Future Fund has allowed us to capitalize on the valuable knowledge drawn from our study of the environment sector in Ontario. As a direct response to the study, the 2007 Future Fund focused on strengthening the impact of Ontario not-for-profit organizations working on environment issues, and encouraged greater collaboration between large and small organizations in this sector.

In 2007-2008, the Foundation invested $100,306,100 in 1,561 grants to charitable and not-for-profit organizations in our key funding sectors across the province. We have:

- Dedicated more than $43.5 million to grants in the human and social services sector;
- Supported the sports and recreation sector with more than $22 million in grants;
- Invigorated the arts and culture sector with more than $22 million in funding; and
- Contributed more than $12.3 million to the not-for-profit environment sector.

The programs, projects and services that we fund provide countless benefits to our communities. They provide young people with skills, knowledge and confidence. They help remove barriers to employment for people with disabilities. They engage community members to be more active in civic life. And they build awareness of and encourage responses to environmental issues.

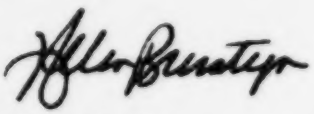
Our 25th anniversary prompted us to reflect on our history, while at the same time look to the future. Building on our experience as one of Ontario's most significant grantmakers in the not-for-profit and charitable sectors, OTF intends to strengthen its leadership role in the sector by creating more opportunities to convene other funders, grantees and community groups. We will go beyond grantmaking and place renewed emphasis on our knowledge management and knowledge sharing activities. By effectively leveraging our research and knowledge, OTF will provide a greater benefit to not-for-profit organizations, the government and other community groups.

Our volunteer Board of Directors and Grant Review Team members are a tremendous asset to the Foundation. I would like to thank all my colleagues for their unwavering support and dedication to communities across the province. As OTF Vice-Chair Hugh O'Neil's term comes to an end, I would also like to convey my sincere appreciation for the invaluable contribution he has made serving on our Board of Directors. He has played a vital role in the Foundation's success and I am honoured to have served alongside him.

I would like to express my thanks to the Honourable Aileen Carroll, Minister of Culture, who has been a strong and enthusiastic supporter of the Foundation's community-building mission at every turn.

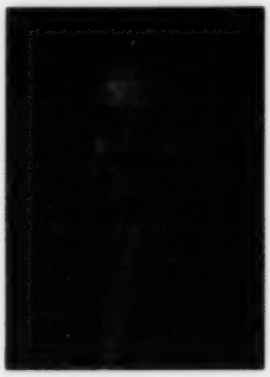
The Foundation's professional staff team, led by CEO L. Robin Cardozo, are widely respected for their knowledge, professionalism and commitment, and I would like to acknowledge their excellent contributions.

I am truly proud to be part of an organization that has had such a dramatic and positive impact on the lives of Ontarians. As we look to the next 25 years, we can rely on the creativity of Ontario's communities and the commitment of the Foundation's resources to keep building ever-healthier, ever-stronger communities, together.



Helen Burstyn
Chair of the Board

Message From The Chief Executive Officer
L. Robin Cardozo



By any measure, the 25th Anniversary year of the Ontario Trillium Foundation has been one of the most remarkable in the organization's history.

The Government of Ontario recognized the important work of the Foundation by increasing our funding from $100 to $105 million, in the first phase of an increase to $120 million annually.

We took our biennial Great Grants Awards celebration on the road in the largest-ever staging of the event. For the first time, 16 regional Great Grants events were held across the province, honouring almost 100 outstanding grantees. It was a wonderful way for us to broaden our reach into the communities we serve, and to give our award recipients the opportunity to celebrate with peers and community members.

A grand celebration event was also staged in Toronto, where special 25th Anniversary Great Grants Awards were presented to deserving not-for-profit organizations that have been making a difference in communities across the province over the past 25 years.

While the events were a great way to profile the success of our grantees, they also presented a unique opportunity for us to engage our volunteers and community organizations in meaningful skills-development workshops coinciding with each event. Participants benefited from a discussion of the key issues faced by many not-for-profit organizations and were provided with practical strategies that they could immediately put into practice. The response was extremely positive, and reaffirmed the need for us to provide more opportunities of this nature.

OTF's 2007 Professional Development Conference provided an ideal opportunity for Foundation volunteers and staff to assess how best to serve Ontario's changing communities in the future. Respected demographer Dr. David Foot mapped out challenges and opportunities to be expected in the coming decades, providing us with a platform for further discussions. Some of the key themes that emerged are helping to chart a critical path for the Foundation's work.

OTF routinely conducts research to help inform our grantmaking. Our research on the environment sector in Ontario has helped us determine our first Future Fund initiative, which received an allocation of $2 million in its first year. Understanding the needs of Ontario's not-for-profit environment sector, and the important role OTF plays as its largest funder, confirmed our need to do more. As a result, not-for-profit organizations working on environment issues were invited to form innovative collaboratives and apply for a Future Fund grant that would help strengthen the sector.

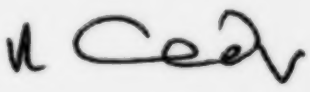
The response was phenomenal. We were delighted to award five grants to organizations representing almost 100 participating Ontario-based not-for-profit environmental organizations. We will continue to infuse this sector with much needed funding in the years ahead.

As part of our commitment to knowledge sharing, we set out to study the challenges faced by six small Ontario communities, to discern where we might do a better job in supporting the important work of community groups. We found that, although small towns were indeed dealing with serious issues, it was refreshing to learn how many were rising to the challenges by engaging their communities in creative ways. We found stories of innovation, persistence and promise. We look forward to sharing our comprehensive findings from the research in the coming year.

I would like to acknowledge the invaluable work of OTF's volunteer Board of Directors and Grant Review Team members. Thanks also to our Chair, Helen Burstyn, whose vision and strong leadership skills have made tremendous contributions to our progress. This year we say goodbye to Hugh O'Neil, who has served as Vice-Chair for the past four years with passion, wisdom and good humour. Our volunteers are extremely important to the Foundation and play a critically important role in our successes.

I would also like to personally thank the hard-working, talented and creative staff at OTF. I am proud to lead this dedicated team of professionals, and am grateful for their continuous support.

This year was an opportunity for us to reflect on our many successes over the past 25 years, and to pay tribute to some outstanding organizations. We were able to acknowledge the contributions of hard-working volunteers and staff. We looked back, and we looked forward. At the Ontario Trillium Foundation, we face the future with optimism, and look forward to continuing our work of building healthy and vibrant communities across this wonderful province.



L. Robin Cardozo
Chief Executive Officer

ACCOUNTABILITY, IMPACT AND ORGANIZATIONAL EFFECTIVENESS
Ontario Trillium Foundation Review of 2007–2008 Achievements

The Ontario Trillium Foundation Business Plan for the year covered three major performance goals, each with supporting objectives. The following summarizes the organization's achievements relative to those goals and objectives.

GOAL 1: Make investments to build healthy and vibrant communities and strengthen the capacity of the voluntary sector

---

OBJECTIVE 1: Make grants to achieve priorities

Achievements:

- Allocated 100 per cent of the year's granting budget, by granting program and by catchment area;
- Achieved granting targets within sector allocation ranges by granting 22 per cent of funds in the arts and culture sector, 12 per cent in the environment sector, 44 per cent in the human and social services sector and 22 per cent in the sports and recreation sector;
- Increased OTF granting in the environment sector from $7.6 million in 2005/06, to $8.2 million in 2006/07, to $12.4 million (including the Future Fund) in 2007/08; and
- Satisfactorily achieved granting targets in the four granting priority areas.

OBJECTIVE 2: Enhance the impact of OTF grants

Achievements:

- Began implementation of the previous year's study of the environment sector, including an increased focus on specific longer-term outcomes and impacts related to this sector. A key result of this increased focus is the first Future Fund initiative, intended to strengthen Ontario's environment sector by fostering innovation and collaboration;
- Conducted Small Towns: Big Impacts, a research study to assess the community-wide impact of OTF grants; results to be published in 2008/09;

OTF's Board of Directors

- Began work on determining measures of healthy and vibrant communities;
- Continued ongoing work on identification of grant results and outcome indicators in the Foundation's priority areas; and
- For every $10 granted over the past three years, leveraged an additional $18.90 in volunteer time, in-kind contributions, and direct funding from other sources.

OBJECTIVE 3: Strengthen the Foundation's role as a leader and convenor

Achievements:

- The major convening events of the year were the biennial OTF Professional Development Conference, held in November 2007, and the regional Great Grants events held throughout the province in the fall of 2007;

The Honourable David Crombie and Sylvie Bigras, OTF Board of Directors member, were entertaining masters of ceremonies at OTF's 25th Anniversary Celebration Event

- Twenty-one regional professional development workshops were held as part of the commemoration of OTF's 25th anniversary;
- A successful 25th anniversary event, celebrating the achievements of OTF and its grantees over 25 years, was held in November 2007;
- Developed a draft knowledge management strategy to share learnings and help voluntary sector organizations share information; and
- Throughout the year, OTF was actively engaged in collaborative funder discussions regarding capacity building and leadership development throughout the year.

OBJECTIVE 4: Enhance the equity and accessibility of OTF funding

Achievements:

- Carried out targeted outreach to encourage grant applications from under-serviced and under-privileged populations, including Aboriginal, Francophone, ethnocultural and racial minorities and northern and rural groups;
- Increased granting to First Nations, Métis, and other Aboriginal communities. Funding to these communities grew from $3 million in 2005/06, to $4.8 million in 2006/07, to $6.5 million in 2007/08 (not including grants that serve multiple communities);
- Successfully increased capital grant funding in lower budget catchment areas; and
- In response to applicant feedback, improved customer service by sending information earlier in the grant decision process to applicants whose requests have been declined.

(Left to Right) Stan Beardy, Grand Chief, Nishnawbe Aski Nation; James Bartleman, former Lieutenant Governor of Ontario; and L. Robin Cardozo, CEO, OTF

GOAL 2: Complete the Board's strategic review to enhance the Foundation's impact, and implement the results of that review

Building on the outcomes of the OTF Board's strategic discussions, in 2007/08 the Foundation implemented the following changes in granting strategies:

- Designed and implemented the Future Fund, and approved the first round of grants, providing $2 million in funding to the environment sector;
- Responded to the need for capital funding by raising the limits for capital grants to $150,000; and
- Allocated additional funds to granting, including capital grants, as a result of an increase in its allocation from the Government of Ontario.

GOAL 3: Enhance organizational effectiveness

To help ensure a continuing high level of effectiveness in OTF's governance, business, and granting practices, in 2007/08 the Foundation:

- Carried out its annual grantee compliance audit, implemented recommendations from previous internal audits, and began work on new internal audit projects;
- In recognition of its governance practices, was named a "top contender" in corporate governance by the Conference Board of Canada (as part of the prestigious National Awards in Governance program), and was also presented with a Maytree Foundation Diversity in Governance Award for achieving a culturally inclusive Board of Directors and regionally diverse Grant Review Teams;
- Maintained a high ranking as a cost-effective foundation;
- Initiated a multi-year Business Process Improvement project as part of the continued development of electronic service delivery functions;
- Maintained and enhanced the Foundation's pro-active communications strategy. Specific achievements included the facilitation of more than 750 grantee recognition events, more than $1.2 million value in earned media coverage, and – for the third consecutive year – an award for the OTF website from the Council on Foundations;
- Held a successful Professional Development Conference in November 2007, with a high level of participant satisfaction; and
- Produced a draft pandemic response plan for internal testing and training in the coming year.

Our Vision, Mission and Values

Vision

The Ontario Trillium Foundation is a catalyst that enables Ontarians to work together to enhance the quality of life in their communities. We believe that communities across Ontario are rich in talent, creativity and drive, and our grants stimulate communities to build on these assets.

Mission

Building healthy and vibrant communities throughout Ontario by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

Core Values and Operating Principles

The following core values and operating principles guide the Ontario Trillium Foundation and shape its organizational culture. Our volunteers and staff are dedicated to reflecting these values in their actions and relationships.

Accountability and transparency

We appreciate the trust placed in us by the Government of Ontario, and safeguard the public funds we receive through rigorous accountability controls. Our communications programs and operational processes ensure that our guidelines and grant decisions are accessible and transparent to the public.

Excellence

Because we believe passionately that our work enhances the quality of life for people across Ontario, we aim to achieve the highest professional standards of excellence.

Volunteer and staff leadership

Our leadership depends on skilled staff working in productive partnership with knowledgeable volunteers who understand the needs of local communities in their region. Our staff and volunteer human resources practices foster this creative synergy.

Inclusiveness and innovation

Our policies and programs acknowledge that the people of Ontario are diverse and dynamic and that community needs differ across the province. We support creative initiatives that respond to the real needs of Ontario's varied and evolving communities.

Integrity and respect

Our grant decision-making processes, business practices and communications strategies are governed by the principles of honesty, integrity and fairness. We treat all stakeholders respectfully, including volunteers, staff, grant applicants and members of the public.

Efficiency and impact

We are determined to ensure that public funds are well invested and that our grantmaking and grant monitoring processes are cost efficient. We consistently measure and evaluate results based on grant outcomes.

Our Granting Priorities

The Foundation will support the building of healthy and vibrant communities through community-based initiatives that strengthen the capacity of organizations in the arts and culture, environment, human and social services and sports and recreation sectors.

In particular, the Foundation will place priority on supporting organizations that work in the following areas to help Ontarians achieve their potential.

Enhanced success for students and learners

A healthy and vibrant community depends on the skills and knowledge of its members.

Whether knowledge and skills are developed in the early years when children start school or much later in life, it is key that people of all ages and abilities are ready to learn. This is why the Ontario Trillium Foundation will place priority on initiatives that:

- Provide community-based learning opportunities and create conditions for achievement for people of all ages and abilities; and
- Help prepare children and youth for success.

This includes, but is not limited to, broadening learning experiences for children and youth; helping children and youth remain and achieve in school; preparing young children to learn; providing opportunities for children and youth to experience positive personal growth; and improving adult literacy through resources and activities.

Healthier and more physically active Ontarians

Encouraging Ontarians to lead healthier lifestyles, as well as improving other determinants of health, such as air and water quality, and providing opportunities for people to enhance their health and well-being will lead to healthier and more physically active Ontarians. To this end, the Ontario Trillium Foundation will place priority on initiatives that:

- Promote physical activity for people of all ages and abilities;
- Promote recreational activities for people of all ages and abilities;
- Enhance and help protect human and ecosystem health;
- Create conditions for people to reach their full health and well-being potential; and
- Promote cultural and artistic activities for people of all ages and abilities.

This includes, but is not limited to, promoting and increasing physical activity; increasing or sustaining recreational and leisure opportunities;

helping communities take responsibility to protect the natural environment; supporting systems that sustain health and well-being; sustaining a healthy arts community; and celebrating and preserving heritage.

Enhanced employment and economic potential for workers and their families

The Ontario Trillium Foundation supports initiatives that are innovative and that stimulate economic growth. To this end, OTF will place priority on proposals that support organizations to build skills, create jobs and enhance economic potential for individuals and communities through initiatives that:

- Provide skill development or employment opportunities;
- Sustain and promote a greener economy and community;
- Strengthen the economic health of a community; and
- Help further a community's long-term vision and growth.

This includes, but is not limited to, increasing opportunities for employment for those experiencing barriers including Aboriginal people, newcomers, people with disabilities and at risk youth; strengthening organizations and supporting initiatives that promote a sustainable

environment; sustaining the economic viability of the community; and encouraging community planning processes.

More effective volunteers and more people engaged in their communities

Volunteers are the foundation of healthy and caring communities that are safe, clean, secure and vibrant. Providing people with opportunities to actively participate in activities or programs offered within their community also contributes to this. We support initiatives that:

- Create conditions to increase community engagement of people of all ages, abilities and cultures;
- Strengthen volunteerism among people of all ages, abilities and cultures; and
- Strengthen the voluntary sector.

This includes, but is not limited to, building community connections and awareness; promoting and increasing volunteerism, particularly among young people; enhancing the capacity of the volunteer sector and fostering strategic thinking and innovation; and building the capacity of charitable and not-for-profit organizations.

BUILDING HEALTHY AND VIBRANT COMMUNITIES
Featured Grants

A Sampling of 2007 Great Grants Award Winners

Every two years, OTF recognizes outstanding not-for-profit organizations from across Ontario with a Great Grants Award. Selected from thousands of groups that have received Foundation grants, Great Grants Award winners represent organizations that have exemplified excellence, innovation and leadership in building healthy communities across the province.

In celebration of OTF's 25th anniversary, the 2007 Great Grants Award winners were selected from more then 10 thousand groups over the past 25 years. The remarkable organizations featured below are just a sampling of the award recipients recognized at the 2007 Great Grants Award celebration events held across the province.

Environment

The Northwestern Ontario Conservation Partnership

Great Grants Award Winner – Northwestern and Ontario

Northwestern Ontario is an area rich in natural resources and natural beauty. The Rainy Lake Conservancy, with the Nature Conservancy of Canada and the Rainy River Valley Field Naturalists is determined to keep it that way.

Phyllis Callaghan of The Rainy Lake Conservancy and colleagues from the Nature Conservancy of Canada (centre) accept the Great Grants Award from (far left) OTF Vice-Chair Hugh O'Neil and Ontario Minister of Culture Aileen Carroll and (far right) OTF Chair Helen Burstyn and OTF CEO L. Robin Cardozo

With an OTF grant of $48,900 over two years awarded in 2004, this collaborative effort identified and conserved significant natural heritage features and built the Cranberry Peatlands Interpretive Trail, a wetland bog walk in Alberton Township. Visitors will be able enjoy the results for generations. The Rainy Lake Conservancy, the lead in this collaborative, is a two time OTF grant recipient. It is a small local environmental group with an annual budget of less than $10,000. Nonetheless, it has 200 members and 30 volunteers.

This groundbreaking project also established, for the first time, a second Nature Conservancy of Canada office in a single province.

Arts and Culture

Invitation: The Quilt of Belonging

Grant Review Team Chair's Award Winner - Champlain

(Left to right) L. Robin Cardozo, CEO, OTF; Esther Bryan, Invitation: The Quilt of Belonging - Grant Review Team Chair's Award winner; Gisèle Richer, OTF Board member

In 2003, OTF granted over $55,000 to a group involved in a unique project. The Quilt of Belonging is Canada's most comprehensive textile art project.

The quilt has been entirely made by the work of volunteers from Victoria to Newfoundland to the Arctic Circle. Over several years, people have been invited to contribute their talents and ideas. The range of quilt materials includes sealskin, African mud-cloth and embroidered silk and the quilt's 263 blocks represent all the First Peoples of Canada and every nation in the world. Over 40 thousand volunteer hours have been contributed to this truly nation-building project.

The quilt is currently on a five year tour across Canada and has been shown in Houston, Texas, at the International Quilt Festival.

Human and Social Services

Catherine Mindorff, Migration Health Director of the Peace Bridge Newcomer Centre accepts the OTF Board's Chair Award from (far left) OTF Vice-Chair Hugh O'Neil and Ontario Minister of Culture Aileen Carroll and (right) OTF CEO L. Robin Cardozo

Peace Bridge Newcomer Centre

Great Grants Award Winner - Niagara
Board Chair's Award Winner - Ontario

Immigrating or being forced to flee to another country can be a harrowing experience. The Peace Bridge Newcomer Centre in Fort Erie, the first of its kind in Canada, welcomes refugees and immigrants and helps ease them into Canadian society.

In 2006, OTF gave the Peace Bridge Newcomer Centre $150,000 over two years to help create an integrated and co-ordinated system to link newcomers with existing supports and services in a timely and effective manner. With OTF and other community funding, the centre has developed and established this unique and innovative model. Since opening its doors in December 2002 in a temporary trailer, it has helped close to 15,000 adults and children.

The centre encourages permanent settlement in the Niagara Peninsula. Hopefully, highly skilled immigrants will choose to work at the very place that first welcomed them.

Sports and Recreation

Rendez-vous des aînés francophones d'Ottawa

Great Grants Award Winner – Champlain and Ontario

Marcel Gibeault, President of Rendez-vous des aînés francophones d'Ottawa accepts the Great Grants Award from (far left) OTF Vice-Chair Hugh O'Neil and Ontario Minister of Culture Aileen Carroll and (far right) OTF Chair Helen Burstyn and OTF CEO L. Robin Cardozo

In 2001, a core group of active Francophone seniors formed Rendez-vous des aînés francophones d'Ottawa to provide social, recreational and educational activities for Francophone seniors. Through hard work, the group purchased a school and converted it into a seniors centre.

In 2005, OTF granted $90,000 over three years to help the organization consolidate and expand its activities. In the past two years, the group's membership has grown to over 600 people. The organization has been very successful in developing a variety of programs that include workshops, art classes, walking clubs, travel and outings.

The organization exudes a tremendous spirit of volunteerism. Over three years, the volunteer group has grown from a handful of dedicated board members to over 110 committed individuals. The centre is currently establishing a volunteer transportation service that will provide even greater access to programs and services.

Retirement never looked so good.

Ontario's Future is Green

In 2007, the Board of Directors of the Ontario Trillium Foundation allocated $2 million to a new fund to enhance the future of Ontario Communities.

In its first year, the Future Fund supported the growth and effectiveness of the environment sector in Ontario by fostering a spirit of collaboration and innovation.

The following five organizations are the first Future Fund grant recipients and represent almost 100 participating Ontario-based not-for-profit organizations.

2007 Future Fund Recipients

Chronic Disease and Early Environmental Exposures Joint Constellation c/o Ontario Public Health Association (OPHA)

$294,700 over two years to raise awareness of the links between early environmental exposure and chronic disease in children. This work will help influence practice and policies in the development of chronic disease prevention strategies.

OPHA is a charitable organization with a mission to provide authoritative leadership on issues affecting the public's health and to strengthen the impact of people who are active in public and community life throughout Ontario.

(l-r) Honourable John Gerretsen, Minister of the Environment; Erica Phipps and Connie Uetrecht - Ontario Public Health Association; Helen Burstyn, Chair OTF Board of Directors; Honourable Aileen Carroll, Minister of Culture; L. Robin Cardozo, CEO OTF; (at the podium) Hugh O'Neil, Vice-Chair, OTF Board of Directors

(l-r) Honourable John Gerretsen, Minister of the Environment; Katrina Miller - Toronto Environmental Alliance; Helen Burstyn, Chair OTF Board of Directors; Honourable Aileen Carroll, Minister of Culture; L. Robin Cardozo, CEO OTF; (at the podium) Hugh O'Neil, Vice-Chair, OTF Board of Directors

Good Neighbour Initiative c/o Toronto Environmental Alliance

$612,300 over three years to work with concerned individuals and grassroots organizations, encouraging the participation of local people in local issues to strengthen leadership and capacity among Toronto, Sarnia-Lambton (including Aamjiwnaang First Nation), and Akwesasne First Nations communities to reduce pollution and help build corporate environmental leadership.

Toronto Environmental Alliance (TEA) is a not-for-profit organization with a mandate to promote a greener Toronto.

Clean Air Partnership c/o Mining Innovation Rehabilitation and Applied Research Corporation (MIRARCO)

$349,200 over 30 months to establish and maintain a north-south climate-change network, build community capacity to respond to common climate-change challenges and link regional efforts in the northern and southern parts of Ontario.

MIRARCO is a not-for-profit organization with a mandate for advanced study, research, innovation and instruction in the fields of mineral exploration, mining, mineral processing, environmental rehabilitation, ecosystem management, industrial productivity and industrial safety. Its mission is to assist the mining and environmental industries in the application of innovative research solutions for safe, sustainable and cost-effective mining - from exploration to remediation. Education and mentorship are an important part of MIRARCO's operations.

(l-r) Honourable John Gerretsen, Minister of the Environment; Eva Ligeti and Al Douglas from MIRARCO; Helen Burstyn, Chair OTF Board of Directors; Honourable Aileen Carroll, Minister of Culture; L. Robin Cardozo, CEO OTF; (at the podium) Hugh O'Neil, Vice-Chair, OTF Board of Directors

(l-r) Honourable John Gerretsen, Minister of the Environment; Brent Kopperson - Green Communities Canada; Helen Burstyn, Chair, OTF Board of Directors; Honourable Aileen Carroll, Minister of Culture; L. Robin Cardozo, CEO OTF; (at the podium) Hugh O'Neil, Vice-Chair OTF Board of Directors

Green IT Collaborative c/o Green Communities Canada

$205,100 over two years to optimize the use of information technology by at least 25 environmental organizations across Ontario. This will help boost productivity, functionality, communications, collaboration and outreach and marketing.

Green Communities Canada is a not-for-profit organization with a mandate to work with member organizations and other partners to deliver innovative environmental programs and services that achieve personal action and community change.

Environmental Priorities Outfront: Re-inventing, Re-tooling & Re-focusing the Environmental Movement in Ontario c/o Environmental Defence

$538,700 over 30 months to engage a broad range of environmental organizations in the development and implementation of a shared strategy. This work will help strengthen the effectiveness of the sector in Ontario.

Environmental Defence is a registered charity that works to establish environmental principles as a fundamental ethic of society that is reflected in government legislation, industrial practices and personal behaviour.

(l-r) Honourable John Gerretsen, Minister of the Environment; Sarah Winterton - Environmental Defence; Helen Burstyn, Chair, OTF Board of Directors; Honourable Aileen Carroll, Minister of Culture; L. Robin Cardozo, CEO OTF; (at the podium) Hugh O'Neil, Vice-Chair OTF Board of Directors

Granting Activities 2007-2008

GRANTS APPROVED - ALL PROGRAMS:

AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

We have audited the statement of financial position of Ontario Trillium Foundation as at March 31, 2008 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2008 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Corporations Act (Ontario), we report that, in our opinion, except for the change in the method of valuing financial instruments, as explained in note 2 to the financial statements, these principles have been applied on a basis consistent with that of the preceding year.

KPMG LLP

Chartered Accountants, Licensed Public Accountants

Toronto, Canada

April 25, 2008

KPMG LLP, is a Canadian limited liability partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International, a Swiss cooperative. KPMG Canada provides services to KPMG LLP.

Cash, end of year	$ 921,472	$ 921,310

See accompanying notes to financial statements.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements

Year ended March 31, 2008

The Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Culture (the "Ministry"), is financially supported by the Ontario government. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

The government funding is subject to Memoranda of Understanding with the Ministry that define how the funds must be invested and distributed.

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

(a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

Investment income is recorded on the accrual basis.

(b) Investments:

Short-term investments, treasury bills and bankers' acceptances are classified as held-for-trading investments. Short-term investments are carried at fair market value as determined at the fiscal year end based on market values for the debt securities.

Transaction costs that are directly attributable to the acquisition of investments are not considered significant and are expensed when paid.

Investment purchase and sale transactions are accounted for on the settlement date.

1. Significant accounting policies (continued):

(c) Grants:

Grants are recorded as expenses in the year that the Foundation approves the grant.

(d) Expenses:

Departmental expenses are allocated between grantmaking and support services based on the percentage of each department's activities devoted to these activities.

(e) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the following periods:

Furniture and fixtures	5 years
Computer hardware	3 years
Computer software	1 year
Leasehold improvements	Over term of lease

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

2. Change in accounting policy:

Effective April 1, 2007, OTF adopted the recommendations of The Canadian Institute of Chartered Accountants' ("CICA") Handbook Section 3855, Financial Instruments - Recognition and Measurement, and Section 3861, Financial Instruments - Disclosure and Presentation. Section 3855 establishes standards for recognizing and measuring financial instruments, including the accounting treatment for changes in fair value. As required by Section 3855, investments are presented at fair value. As permitted by Section 3855, OTF's other financial assets and liabilities continue to be presented at amortized cost, which approximates fair value.

The adoption of Sections 3855 and 3861 did not have a significant impact on the financial statements in the current year.

3. Future accounting change:

The following summarizes a future accounting change that will be relevant to OTF's financial statements subsequent to March 31, 2008:

Financial instruments - Disclosure:

The CICA has issued two new accounting standards on financial instruments that revise and enhance the current disclosure requirements but do not change the existing presentation requirements for financial instruments. These new standards will be effective for OTF commencing April 2008. The new disclosures will provide additional information on the nature and extent of risks arising from financial instruments to which OTF is exposed and how it manages those risks.

4. Investments:

Investments, at market value, are as follows:

	2008	2007
Treasury bills	$ 75,169,395	$ 101,654,305
Bankers' acceptances	20,014,914	–
Deposit notes	13,373,520	–
	$ 108,557,829	$ 101,654,305

All investments are in fixed income securities and mature within the next three months (2007 - four months). These investments bear interest from 1.9% to 3.6% (2007 - 4.12% to 4.5%).

Risk management relates to the understanding and active management of risks associated with all areas of the business and the associated operating environment. Investments are primarily exposed to interest rate, credit and market risks. OTF has formal policies and procedures in place to address these risks.

Interest rate risk arises from the possibility that changes in interest rates will affect the value of fixed income securities held by OTF. OTF manages this risk by holding debt issued by the Government of Canada and large Canadian banks, and by staggering the terms of the securities held.

5. Capital assets:

	Cost	Accumulated amortization	2008 Net book value	2007 Net book value
Furniture and fixtures	$ 765,681	$ 664,435	$ 101,246	$ 118,511
Computer hardware	895,253	632,552	262,701	238,177
Computer software	378,942	363,594	15,348	60,267
Leasehold improvements	1,403,967	1,253,072	150,895	83,286
	$ 3,443,843	$ 2,913,653	$ 530,190	$ 500,241

6. Deferred contributions and grants payable:

(a) Deferred contributions represent funding received from the Ministry that has not yet been pledged as grants. The continuity of deferred contributions is as follows:

	2008	2007
Deferred contributions, beginning of year	$ 3,675,804	$ 2,951,558
Activities during the year:		
Funding received	105,000,000	100,000,000
Investment income recorded as revenue	7,030,212	6,119,643
Grants pledged	(100,306,100)	(95,762,400)
Grantmaking expenses	(10,621,920)	(9,740,918)
Support services and amortization	(1,558,872)	(1,493,573)
Non-grant community services	(228,460)	(235,437)
Grants rescinded or recovered	1,354,188	1,836,931
Amounts recognized as Ontario government funding	(104,330,952)	(99,275,754)
Deferred contributions, end of year	$ 4,344,852	$ 3,675,804

(b) Once OTF pledges grants for distribution, the grants are recorded as grants payable. Grants pledged and not yet distributed are payable, subject to the receipt of funds by OTF and to certain performance conditions placed on the recipients. The continuity of grants payable is as follows:

	2008	2007
Grants pledged - Community and Province-Wide grants programs	$ 100,306,100	$ 95,762,400
Grants rescinded	(1,076,800)	(1,347,200)
Grants paid	(92,897,912)	(94,826,905)
	6,331,388	(411,705)
Grants payable, beginning of year	96,357,312	96,769,017
Grants payable, end of year	$ 102,688,700	$ 96,357,312

6. Deferred contributions and grants payable (continued):

Grants are payable to various organizations in the fiscal years ending March 31 as follows:

2009	$ 71,111,100
2010	23,947,800
2011	6,736,800
2012	780,500
2013	112,500
	$ 102,688,700

7. Non-grant community services:

Non-grant community services are charitable activities other than grants, such as partnerships with other organizations, projects initiated by OTF and technical assistance to community organizations. These contributions include expenses allocated from current operations.

8. Commitments:

Future minimum annual rental payments for premises under operating leases are as follows:

2009	$ 363,000
2010	304,000
2011	263,000
2012	234,000
2013	215,000
Thereafter	1,000
	$ 1,380,000

In relation to these leases, OTF has agreed to indemnify the Landlord against losses occurring on the lease premises which may arise out of a breach of the lease agreement.

OTF's lease for its Toronto head office premises has been extended for a period of five years to February 2013.

9. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgements, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

10. Financial instruments:

The carrying values of cash, accrued interest and other, accounts payable and accrued liabilities and grants payable approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

The fair value of investments is disclosed in note 4.

11. Comparative figures:

Certain comparative figures have been reclassified to conform with the financial statement presentation adopted in the current year.
